

Your help not only provides vital supplies, but also helps educate and teach Christian values.

In the Democratic Republic of the Congo the Daughters of Our Lady of the Sacred Heart, with your help, just refurbished an old room into a new fully equipped neo-natal room. Caring for newborn babies is vital. Even more so in countries where hygiene is poor and many families are poverty stricken.

HELP TO IGNITE HOPE

DONATE TODAY

“Be assured of our continued prayers for you and for your generous donors. United in the heart of Jesus.”

Marife Mendoza fdnsc

One of the most important rights, is the right to education. Fr Alan Neville MSC, originally from Cork, helps many young people, throughout their education in South Sudan.

In Fr Alan’s own words: “Our focus remains on the youth, who will someday help build the South Sudanese economy. We will continue growing the Catholic ethos aspect of our curriculum, with courses on ethics, theology, and introduction to the Bible as part of our ongoing human formation.”

MESSAGE FROM FR JOHN

Dear Friend,

Our MSC Brothers, Sisters and Friends are continuing to spread the love of the Sacred Heart all over the world. You are a big part of that effort.

In this Summer Appeal, we ask for your support, as we highlight some of our ongoing mission efforts in Africa. From starting a MSC community in Kenya for student priests and Brothers, transforming old rooms into modern and safe neo-natal units in the Democratic Republic of the Congo, to helping young people to simply go to school in South Sudan, your help has already meant so much.

And we will always remember you in our prayers.

With your continued support we will keep making the world a better place, by empowering the less fortunate and teaching our cherished Christian values wherever God calls us.

With my heartfelt appreciation and a shared commitment to making a lasting difference: I thank you.

Fr John Fitzgerald MSC

FIRST MSC SEMINARY OPENING IN KENYA

HELP US RAISE FUNDS FOR OUR NEW SEMINARY

Fr Peter Ng'ang'a of the Irish Province is preparing for the reception of our new postulants. It is a difficult task to acquire accommodation and process their visas and other documents. Fr Peter will be joined by Fr Lucien from the Congolese province. It is a very expensive venture, but we hope to offer these young African men a chance to explore where God is calling them. They will be members of the new MSC community for their inhouse training and have access to well regarded Catholic colleges in Nairobi to further their studies.

We hope that some of them will be part of the next generation of Priests and Brothers to spread the love of the Sacred Heart everywhere.

WATER PROJECT IVORY PARK SOUTH-AFRICA

For decades, the MSCs have worked tirelessly in the Holy Rosary Church in Ivory Park (in Johannesburg, South Africa). There is a central large kitchen within the compound, where we care for many children, some of these children's parents have died due to HIV/Aid. Here they receive spiritual, emotional and physical nourishment. Recently, with your help, a well was bored to provide clean water for the community. This is just one of the water projects we support with your help in Africa.

PLEASE DONATE NOW

MSC SISTERS BUILD A PRIMARY SCHOOL IN NAMIBIA

With your help, the Missionary Sisters of the Most Sacred Heart of Jesus have built a primary school in a remote area in the north of Namibia. Two MSC Sisters and a laywoman started early this year, teaching 86 children aged 3-6 years. They will help the children grow and develop properly, both physically, intellectually, and spiritually. Exceeding every expectation, the school is hoping to expand with 2 more classes, buy electronic equipment and help poor families that cannot afford to send their children to school.

WITH YOUR HELP, WE CAN EDUCATE MORE CHILDREN
