Statement

The Gospel teaches the importance of ensuring that the Catholic Church community is a welcoming and safe place for children.

‘Let the little children come to me, and do not hinder them, for the kingdom of God belongs to such as these. Truly I tell you, anyone who will not receive the kingdom of God like a little child will never enter it.’ (Mark 10:14-15)

As a constituent member of the Catholic Church in Ireland, we recognise that Children are a gift from God, to be cherished and recognised for the joyful contribution they make as valued members of the Church.

Our challenge is to follow the example of Jesus in cherishing them. Safeguarding is key to this important task and should be seen, not as a burden, but as an opportunity to embrace and encourage ministry with children, following the example of Jesus Christ.

The Missionaries of the Sacred Heart pledge to safeguard children and young people from harm and to support them in their development as valued and integral members of the Catholic Church in Ireland, as well as in other jurisdictions where we minister. As Missionaries of the Sacred Heart participating in the ministry of the Church, we will be inclusive and will always uphold the rights of children.

Consistent with Gospel values, and with civil, criminal and canonical law, those who minister will do so with dignity and integrity, honouring their calling to ensure that children and young people are welcomed, cherished and protected, following the example set by Jesus.

Nature of service

The MSC as a constituent member of the Catholic Church in Ireland exists to promote the teachings of the Catholic Church. This includes the following ministry with children, as defined in *A Safe and Welcoming Church – Safeguarding Children Policy and Standards for the Catholic Church in Ireland 2024*:

- Attendance by children and young people at MSC Church services with their parents/guardians.
- Participation of children and young people in sacramental preparation, done in conjunction with schools.
- Participation in school based religious and/or social activities.

It is important to note that this list is not exhaustive.

Principles of Safeguarding Children from Harm

Section 2 of the *Children First Act 2015* defines harm in relation to a child as follows:

- (a) 'Assault, ill-treatment, or neglect, of the child in an manner that seriously affects, or is likely to seriously affect the child's health, development or welfare, or
- (b) sexual abuse of the child.'

As outlined in *A Safe and Welcoming Church – Safeguarding Children Policy and Standards for the Catholic Church in Ireland 2024* and *Children First National Guidance for the Protection and Welfare of Children 2017*, we are committed to the following principles:

- **Leadership, Governance and Accountability.** As a leader, the Church authority embodies and imparts the Catholic Church's vision, principles and values, which are reflected and apparent in the child safeguarding culture, structures and practices at all levels and in all ministries with children and young people. This demonstrates, through words and actions, the Church authority's personal commitment to fulfil the safeguarding mission of the Church.
- **Nurturing a Culture of Safeguarding.** Ensuring the creation and maintenance of a culture of safety, including a safe Church environment that is welcoming of children. Keeping children safe from harm is an imperative but more than that, the Church will promote the well-being of children through their participation in the ministry of the Church. The Church will create and maintain environments that uphold children's rights and that create nurturing, caring conditions where children will flourish in faith and love. Through

fostering a culture of care, children feel safe and looked after and, in turn, they will be supportive of and respectful to their peers.

- **Responding Pastorally and Reporting According to Civil and Canon Law.** Caring for complainants and ensuring a just process of inquiry. Anyone who brings any suspicion, concern, knowledge or allegation of current or past abuse of a child to the notice of the Church will be responded to sensitively, respectfully, actively and in a timely manner, in line with statutory child protection procedures and Church requirements.

In responding to complaints of child abuse relating to clergy and all those in forms of consecrated life, Church authorities will act in accordance with the requirements of civil law and canon law, and so will respect the rights and uphold the safeguards afforded in these, both to the complainant and respondent.

- **Mandatory Reporting.** All Church (religious/clerics) personnel have a responsibility to report suspicions, concerns, knowledge or allegations of child abuse that reach the threshold for reporting to the statutory authorities. The Designated Liaison Person (DLP) can assist with this process. These reports will be made irrespective of the status of the person (lay, cleric or religious) who is suspected of having been abusive to a child. If the allegation being reported relates to a lay member of Church personnel, in addition to notifying the statutory authorities, the allegation must be reported to the Church authority. If the allegation being reported relates to a cleric or religious, in addition to notifying the statutory authorities, the allegation must also be reported to the Church authority and the National Board for Safeguarding Children in the Catholic Church in Ireland.

All Missionaries of the Sacred Heart personnel (members and lay staff) will cooperate with the statutory authorities in all cases.
